# Récapitulatif des réunions par l'IA (uniquement Teams premium)

The screenshot displays a Microsoft Teams meeting titled "Product roadmap discussion" held on Jan 21, 2023, from 10:00 to 11:00. The meeting grid shows participants: Serena Davis, Aadi Kapoor, Mona Kane, Beth Davies, Bruno Zhao, Amanda Brady, and Danielle Boudier. The interface highlights AI-generated content on the right side:

- Content:** Product Roadmap..., Marketing budget..., Marketing demo...
- Notes:** AI notes (highlighted), Mentions (3), Transcript
- AI-powered notes and tasks, created for you.** [Learn more](#) [Copy all](#)
- Suggested notes:**
  - > **Serena** wants to look at the product roadmap before she and **Danielle** commit to more feature enhancements.
  - > **Danielle** explains that they are on track for new product release in December. But they will need to keep an eye on beta testing results. She will follow up on that.
  - > **Danielle** explains that they are managing the capacity well. There could be a problem if they get a surge of users. **Babak** will make sure that they have the necessary provisions to handle an influx of users if the need arises.
- Suggested tasks:**
  - **Danielle** will follow up on feature enhancement prioritization
  - **Jon Shammass** will double check with **Amanda** regarding the ETA for the new...

# Main levée, main baissée

---

N'oubliez plus jamais de poser votre main dans une réunion. Maintenant, Teams baisse automatiquement la main quand il sent que vous avez fini de partager.

# Supression larsen automatique

---

Teams vous avertit automatiquement si d'autres personnes rejoignent votre réunion dans la même zone et désactivent leur micro et leurs haut-parleurs pour empêcher les commentaires audio indésirables.
